Vendor Comments	Lambs are bred from an extremely productive Primeline ewe base
Assessor Comments	Presenting an excellent opportunity to secure Primeline Maternal wether lambs that are shorn cleanly and are ready to gain weight rapidly on good feed. The top end of these lambs are very close to a trade weight now. As seen in photos, the odd lamb has dag on its tail after being on fresh millet, its drying now as they've been on the millet for at least 2 weeks prior to assessment.
