Assessor Comments	. A smart run of 2nd X Lambs July / August drop lambs. 100% of the lambs have been weighed and are 35kgs to 40kgs plus full . Would be ideal to finish for the trade job or would go on to make big export lambs if required. They are properly bred and by quality Poll Dorset rams from a daughter stud of Derrynock and show plenty of bone and shape. Lambs have been grain imprinted on their mothers 5 to 6 times before weaning. Lambs were weaned at assessment onto Phalaris and clover and are on the do and present in fresh healthy order ready to go on for you.
