Assessor Comments	A line of Willera blood Merino wether lambs, lambs are unshorn with 50mm of wool on their back and have had all the health treatments allowing them to be put straight onto a stubble with re-growth. As lambs these wethers will cut 2.5-3kg at 16.5micron. Grown into mature sheep normally broadens to 18-18.3 micron. Appreciate the rebate on their back and expect these wethers to grow into stylish woolcutters.
