Assessor Comments	583 good quality Aussie White cross and Dorper cross lambs presenting in strong healthy store to forward store condition that had an average weight at assessment of 30.3kg after a -4% curfew. Buyers here presents a good opportunity to buy a line of lambs that are very even, all the hard work has been done. Lambs are weaned and up to date with their drenching and would be ideal to fatten on pasture or grain and should respond quickly being introduced to a higher nutrition. Verona Ag run a controlled joining so you can buy these lambs with confidence of their age.
