Vendor Comments	Good line of lead mixed sex White Suffolk X lambs which we have drafted out. I am very happy with the way these lambs have come on and are still performing in the seasonal conditions.			
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	This is a very good line of the drop from this client. We weighed all the lambs and pulled out anything below 28kg. They are moving forward in growth & weights from the good seasonal conditions in the New England around Armidale. The owner has done a very good job in preparing this line of sucker lambs for someone to finish in a very short period. They are on the go in all respects - condition, health, growth & are very healthy. They have been on very good perennial improved pastures making this a very attractive line of mixed sex lambs for someone to take onto export weights if the opportunity came. It is a pleasure to present these for sale on behalf of my client.
