Assessor Comments	A well bred line of the top draft of Merino ewe lambs, August/September 2024 drop, bred out of the Woodside blood Merino ewes by the Multi Purpose Merino Rams. The top 340 whether portion along with a 2nd draft of mixed sexes will be offered in the same sale. The lambs have had all the hard work done being weaned a month ago, jettted with Coopers blowfly and lice and introduced to grain feeders. They would normally be retain into the vendors breeding flock however due to a change in farming enterprises they will be offered to the market. A great opportunity exists to purchase these ewe lambs to grow out as future breeders with emphasis on carcase and wool production.
