Vendor Comments	Annual sell off of Glenwood Blood Wether Lambs.			
Assessor Comments	On offer is 712 August 24 drop Glenwood Blood Store Merino Wether Lambs. Lambs averaged 34.3 at time of assessment, with a small tail removed. Lambs are out of medium to large frame Glenwood Blood Ewes, and sired by the highly indexing Glenwood Rams. The Wethers are showing great growth and stretch for age and given the opportunity will flourish. These Wethers present a great opportunity to shear and fatten with the massive up sides of so much time in their teeth and the confidence of being RWS accredited. Lambs are unmulsed and plain bodied showing plenty of muscle and carcass attributes.
