Assessor Comments	750 April/May 2024 Merino wether lambs, Warrendale bred, East Loddon blood, October shorn, unmulesed, 35mm skin, 39.8 kgs liveweight. A large of vendor bred merino wether lambs, ideal to feed on for autumn markets. Lambs bred from an unmulesed program with a focusing on carcass traits whilst growing a long stapled wool. These lambs were October shorn and have been running on a standing barley crop, giving them a great introduction to grain. Lambs have been treated with pain relief at lamb-marking, have electronic tags and have had nil fly treatment.
