Assessor Comments	535 shorn store lambs. WS x Comp and Comp x Comp lambs, weighing between 26-40kg to average 31.3kg full. They are July / Aug drop and were weaned mid Oct and shorn mid Dec. The flock has been using Cloven Hill genetics for 7/8 years, the WS are sired by Pioneer White Suffolks. They are running on dry ryegrass and are not getting any supplementary feed. There are Comp x Comp ewe lambs that are not required for breeding in this lot. Given a drench and a higher protein diet these lambs will take off.
