Assessor Comments	A good run of well bred, Merino ewe maidens from the Wyuna flock. The Westons buy top end Tara Park Merino sires with a strong focus on wool cut. Ewes are shown no special treatment throughout their lives and generally wean 93-94% of lambs each year. These ewes would be a good opportunity for a join, shear and trade or to retain for many years as breeders. Ewes present in forward condition, and will join well for a Spring lambing if given the opportunity over the next few months. Ewes have all been OJD vacc, mulesed and have a nice early Oct skin back on them. All individually numbered on tags.
