Assessor Comments	An excellent quality line of SheepMaster ewe lambs in prime condition. They are large framed, well grown sheep that have been running with teaser rams since 3/1/25 and will be more than ready to join at delivery. Since its inception the Wild Oat stud has acquired the best genetics the breed has had on offer, and have strived to produce top quality functional sheep to suit the prime lamb industry for those who are in or are looking to get into shedding breeds. These ewe lambs are classed out of the stud breeding programme but would still suit any commercial flock. There is another 22 ewe lambs, the youngest of the drop, also in this sale. Vendors will drench ewes with Q drench at delivery. Vendors also have rams available for private sale.
