Assessor Comments	Buyers a great opportunity to purchase a line of pure EU Angus Heifers. The Knowla herd have well over 25 years of breeding behind them. These young heifers represent some of the bloodlines that have recently been used, both in the stud and commercial herds. These heifers would suit a buyer looking to start a quality herd of Angus females or could be a great asset to any existing commercial herd. This is the lead draft of the older age heifers, they have very good bone and are showing very good weight and growth for age putting them in the ideal condition for your up coming joining season. Please note 2 Heifers observed with old pinkeye scarring considered not to detrimental.
