Assessor Comments	A line of 583 unshorn 2nd cross lambs that averaged 27.2kg curfewed weight. The lambs are out of White suffolk/Merino 1st cross ewes by the White Suffolk and Dorset terminal rams. The lambs mothers are medium to large frame ewes with the pedigree base being Roseville Park Blood ewes joined to the Merilba Station White Suffolk rams. These lambs present as an attractive store article, given the opportunity these lambs will perform as either a fatten and trade job or run onto heavy export weights. Please note that these lambs were assessed in two lots at two different sets of yards on the same property. **long tail lambs in video have been marked**
