Assessor Comments	Great opportunity into a run of wether Lambs that are going ahead. Lambs are on the do post shearing and a drench. Tops of the drop. Ewe flock averages 4kg at 8 month shearings and 19 micron. They are out of solid dual purpose Hynam & Kerin Poll blood ewes. They were imprint fed grain on the ewes.. They are late drop lambs so have plenty of time to take into high value winter marketing program. Note : See Video.
