Assessor Comments	An even line of Ewe Lambs that have all been individually weighed to be 40 KG'S plus. Ewes have been on a maintenance ration on an auto feeder for the past 5-6 weeks and are in solid forward condition with out being over done but are somewhat up to joining weights. These ewes are all sired by Matt Kelly's Low Footprint rams which the Pern Family have been using for the past 2 drops of lambs. A great opportunity to buy some proven genetics in for a starter flock or even a top up line. Ewe Lambs all have their tails still at full length.
