Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.			
Assessor Comments	Opportunity knocks to purchase a small line of Poll Merino ewe lambs that are only being sold due to seasonal conditions. Vendor would normally retain and grow out to hoggets as part of their commercial operation. The Carcuma North flock is known to grow large frame, robust sheep that produce a free growing, nourished fleece. Whilst currently on the lighter side lambs were drenched and vaccinated at assessment so given the right feed these lambs will grow out to become solid ewes that will suit many programs.
