			Good	25%		
Assessor Comments	An excellent line of 1st X ewes that have scanned up at 157% to the Kanangra Poll Dorset rams. Ewes are August shorn and present Gudair Vaccinated and Muelsed. The sheep present in forward condition and ready to lamb down early march. Rams went in early October for an 8 week period. All health treatments are up to date with the sheep and present in perfect condition to put straight out to lamb down. Ewes were scanned for multiples and at scanning there were 156 mulitple bearing ewes and 102 single bearing ewes. These ewes are bred from Hazeldean blood merino ewes and sired by the New Armtree border rams. A great line of sheep that would suit any prime lamb operation. Please note: Singles are marked with blue paint, multiples have no mark.
