Assessor Comments	Buyers on offer is a very neat two deck line of Scanned in Lamb maiden First Cross Ewes. These 204 ewes are joined to Yanco Ag White Suffolk rams. These ewes commence lambing on the 12th of March and will lamb over a four week period as they were scanned into 4 week lambing intervals. Ewes were purchased as ewe lambs. Ewes with a lifetime ahead of them that have scanned up at 136%. The only reason that these young ewes are being offered is because of the trying season. These sheep come highly recommended and would be an ideal line of ewes to take on to top up flock numbers. Potential purchasers can bid with upmost confidence. Please contact with any questions.
