Assessor Comments	On offer are 240 x 2021 Drop NSM Ewes. Principally Yarrowonga Blood with Bundilla infusions. The ewes present an excellent opportunity for buyers to purchase classed ewes to join to merinos or terminal sires. The ewes are offered as classed ewes surplus to requirements and are being sold in order to reduce breeding ewes to account for season and the vendors cattle operation. These sheep are run under high stocking rates and will perform in most environments. Good quality wool sheep that will grow into medium/ large frame ewes. At assessment a 15% tail was removed based on condition score. As a group the ewes will join well immediately. The Bukalong flock is classed annually by Steve Phillips of Yarrowonga. Note: Bukalong will offer another 180 x 2022 Drop ewes in todays sale.
