Assessor Comments	On offer is a high-quality line of Burnbrae stud-bred Poll Merino ewes, in the prime of their breeding life and ready to be joined to the ram of your choice. These ewes have recently weaned their lambs just three weeks ago and have proven to be highly fertile, with 105 lambs successfully weaned this year. They present an excellent opportunity for anyone looking to enhance their flock with top Poll Merino genetics or establish a quality breeding and/or wool program. While a few ewes have the odd long toe, they are not showing any signs of lameness and remain in excellent breeding condition.
