Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.	
Assessor Comments	84 Mixed Age Nudie Ewes, an even spread of age groups throughout the line from 1.5 to 4.5 Year Old Ewes(Blue, Red, Yellow, Purple Tags). The vendor has quite a number of ewe lambs coming through their program and has had the ability to depart with some middle aged ewes that are from the heart of their flock. These sheep would suit any operation from a foundation flock to topping up numbers going into joining that are pretty well full shedders with the odd ewe holding its saddle. The older age groups of ewes are predominately Cashmore Oaklea bloodlines with the younger ewes being Low Footprint blood. The older age groups have their tails docked from blue tags and younger they don't.
