Assessor Comments	These 308 rising 3 year old ewes 100% SIL to D'Co Australian white Rams are only on the market due to seasonal conditions and a change in direction of the sheep enterprise. Because of continuous running with rams this line of 308 is 100% in lamb and undectable have been retained. All were purchased as lambs and hoggets out of Jamestown market 2022 while returning 130% lambs last year and a 5kg fleece at 10 mths wool. These large frame ewes are well covered and in great health and in the past have done an outstanding job on their lambs. There is a small portion of dohne cross ewes amongst this offering but they blend in very well. There is also so Green tag ewes amounts offering but are same age.
