Assessor Comments	Buyers here's a neat deck load of heifers that are showing great growth for age, muscling, and conformation. The Ryan bred Brangus along with the Black Limo where very well muscled and this is evident in these cattle. They are long, well grown and will grow into great domestic or export weight cattle. These calves mothers are good large framed cows. There is a heifer in his lot with active pink eye, the others (2) have the scarring.
