Steers did want to run about in yards but were assessed straight out of the paddock with no time to settle down. Nothing aggressive. Handled ok through the race and crush.			

Handled With	Bikes
Notable Traits	Traits 2 Head Small amount of white underneath
Assessor Comments	A good line of vendor bred angus steers 3 head do show slight pizzelle from cross many years ago. 3 smaller frame steers in mobs but this appears to be age related. Steers have performed well for previous purchasers. Not paying for any excess condition as steers are only in good store condition. Suitable to take through as feeders or heavy kill cattle. Buffalo fly was active at assessment but vendor will treat prior to delivery. Note vendor has heifers this sale as well.
