Handled With	Generally good to handle, all walked through the race and crush with easy and minimal pressure. One heifer moved quicker than the balance in the holding yard but settled relatively easy after Bikes , Dogs , Vehicles
Assessor Comments	A nice line of classed in Santa heifers, Vendor has purchased top quality breeding females in the past to increase the genetic base of the herd whilst also securing bulls carrying leading genetics and the desired cherry red coat, long deep bodied and natural softness. Vendor isn't retaining any females this year, Given the right opportunity these heifers should grow into nice females for breeding programs or fatten into a grass-fed market. Heifers are generally true to type and show sound confirmation, odd heifer carries lighter coat colour than the majority. Heifers are in fresh condition but have plenty of frame.
