Heifers present as forward store condition with good fleshy skins and show plenty of frame and length/depth of body, with a quiet temperament. Being held on Supplement feeding of Lucerne silage and DDG pellets. they would take to a feedlot situation fast. They are ready to go ahead given given the right situation be it crop or grain. Heifers could certainly be joined for a spring calving also. Bannaby Angus Blood 32 steers from this mob in the same sale.
