Vendor Comments	Sale of lambs due to the drying conditions		
Assessor Comments	A very neat line of composite store lambs which are up for sale due to the drying condition. These lambs would normally be put into the feedlot and have had great results coming off feed in previous years. Freshly shorn mid January they are ripe for the feed and will flourish. At 42kg curfewed and a bit of freshness on them, these lambs wont take long to get to killable weights.
