Assessor Comments	2 x 280hd of J/A drop vendor bred WS/Mo & WS/Dohne XB store lambs, ideal feeder lambs having a very good top end in the draft. 100% of these lambs were weighed thru auto drafter 35-53.5kg range, with a 14% tail removed. Being late July/August drop, they are ideal lambs to fatten for the promising winter lamb trade. They have been grazing lentil stubble/standing failed crop and will remain on this until delivery. These lambs are well bred and are set up to go straight into the feedlot. Please note 2 x 280hd (560 head total) of these lambs being offered in same auction and will be sold as a run out the gate if sold 2 ways.
