Assessor Comments	Buyers an opportunity to buy 3 decks of VGQ lightweight PCAS eligible Droughtmaster X weaner heifers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to two weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. A very reputable line of cattle for sale that have plenty of bone, length & confirmation. Heifers have a good performance record and will suit to grow out to heavy feeder weights or would very much suit a future breeding program. Note 2 x family brands in this line.
