Assessor Comments	Buyers an opportunity to buy 2 decks of VGQ lightweight PCAS eligible Droughtmaster X weaner steers. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to two weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. Steers that have a good performance record and will suit to grow out as heavy feeders or bullocks showing plenty of bone, length and confirmation. Note 2 x family brands in this line.
