Assessor Comments	Buyers an opportunity to buy 2 decks of VGQ light weight PCAS eligible Charolais & Droughtmaster X weaner Bulls. These weaners have all the right bloodlines and genetics and are best described as medium to large frame relative to age. Weaners have been weaned for over a week to two weeks at delivery and are very well educated by vendor through yards. A very reputable line of cattle for sale that will be ideal to put away on grass and grow out to heavier weights. The Winade cattle have a good performance record and will suit to grow out as heavy feeders showing plenty of bone, length and confirmation. Buyers included in this lot are 6 x lightweight steers with a separate photo of them in photos. At assessment 1 x steer noticed with slight blue eye, also with horn on these bulls most are only small buds with only 4 x head having horn a little longer. Note 2 x family brands in this line.
