Assessor Comments

Buyers 7 heifers best described as crossbred. They are either out of vendors big framed crossbred cows (Brahman, Droughtmaster, Brangus type & their crosses). They were sired by Angus bull or were sired by vendor bred Brangus bull. There is 1 heifer that is grey and out of a Charbray cow. There were some Buffalo Fly seen on some of the heifers at assessment. All good heifers extremely quiet and easily handled. They have been managed by 1 hot wire in vendors cell grazing rotation. they show good frame and bone, and they should grow out and will not disappoint given the opportunity. Vendor has birthdates recorded heifers, they were born between 30/10/2022 and 20/8/2023 Vendor offering 15 steers in todays sale as well.
