Assessor Comments	Good quality draft of "Yammatree" steers that were all weighed between 260-360 kg in which there was a total of 180 in this draft to be sold as two even runs out the gate. These steers have maturity and growth on their side which should mean very good compensatory weight gain for the prospective purchaser. The Yammatree cattle have a great reputatation with many feedlots throughtout the eastern states and I have had good feed back regularly about their performance in feedlots. There are also 590 heifers in todays sale on the same property
