Assessor Comments	A good line of 14 Murray Grey X steer calves. These steers are 10-11 months but show great weight for age and doing ability. They are currently on a dried improved pasture paddock with clover/rye hay every second day, and will stay grazing there as a mixed sex mob until delivery. They are ideal cattle to purchase and feed on for the domestic or export markets. Please note that the vendor has 42 mixed sex calves in today's sale.
