Assessor Comments	VENDOR BRED ANGUS HEIFERS, Sired by Sons of Millah Murrah Paratrooper and Quixote. The Heifers present 4-8 weeks in calf, pregnancy scanned by the vendor. Well grown heifers, that are from a very well managed herd- 10 years of AI joinings and tight calvings. The heifers themselves were the later drop heifers, but still present in good order in a deteriorating season. Heifers would suit future breeders or could be PG'D and turned off as feeders- the choice is yours. 36 preg scanned undetectable heifers also in this sale.
