Vendor Comments

A tight calving group of proven performance cows. Cows in this age group won the Adelong Commercial cattle comp Cow & Calf section both times they were entered. Past progeny have performed very well, both as feeders cattle or breeders in the paddock.

Notable Traits	Traits 5 Head Old eye scarring (1 eye only). Not detrimental in assessor's opinion.					
Assessor Comments	Top quality line of 2018 drop PTIC Angus females. Females are PTIC to commence calving early August 2025 for approx 36 days calving period. Joined to industry leading Scotts & Galimbang Angus sires (EBV's attached). These fertile & productive breeders had weaners taken off at pregnancy testing (6/2/25) and have done an excellent job raising their calves. The vendor has been using the highest quality Angus genetics available in their herd with a focus on Birthweight, 600Day Weight & IMF. The Galimbang cattle have a history of performing exceptionally well on feed and are highly sort after by repeat feedlot buyers. This offering represents the entire drop of classed in breeders that are surplus to the vendor's program at this age every year. Buyers this is a not to be missed opportunity to purchase quality Angus genetics. Cattle come highly recommended!
