	Quiet: 9 head	Quiet: 9 head	Temperament not assessed in Paddock												
Handled With	Cattle were a pleasure to handle throughout the assessment process. Bikes , On foot , Vehicles														
Notable Traits	Traits 4 Head calves with old scarring in 1 eye (see photos) 2 Head calves with old scarring/spot in 2 eye & patched (see photos) 2 Head cows with old scarring in 1 eye (see photos) 1 Head cows with white udder														
Assessor Comments	Quality Heifers with 1st CAF Presenting in forward store condition, calves are marked = (7 x Hfr & 2 x Str). Purchased as PTIC off A+ in May 2024, now on selling as a unit to be re-joined to the bull of your choice. Cattle are up to date with all drenches & vaccines. heifers were purchased specifically for ET program as this is the vendors main line of work, with ET programs average success rate approximately 60% this line represents those that came back empty & are no longer required in the program because the vendor does not have a bull on farm to use as a back up. Vendor expressed this line is one of the best he has ever purchased in all aspects including breeding, temperament, good frame & the fact that none required assistance calving. Note: in the "noticeable traits" section of assessment, cattle were hit with pink eye, all effected cattle have had repeat treatment of Opticlox and patched if required, now only left with the scarring spot and/or white on the eye. pics attached														
Assessor	Joe Wilks (Level 1 Accredited) Phone: 0408 681 863 Parallel Assessed By : Abbro Woolnough
