Assessor Comments	The complete dispersal of Leonard Ryan's Hereford Herd. On offer are 24 Hereford heifers to be offered in two lots of 12 sold run out the gate. These females are in the prime of their lives and are PTIC to a low birth weight homozygous polled Hereford bull Ravensdale Wildfire R024, to commence calving late March for 8 weeks. These classed in heifers will calve down at three years of age, they display maturity and softness with good length and depth of body. They have a weight range of 552 to 746 kg to average 648 kg curfewed. The Ryan generations have been breeding exceptional quality Hereford cattle in the Upper King Valley for 70 years. These matrons of the future would complement any high-end Hereford breeding operation. Please note the entire Ryan herd are on offer in this sale with a total of 86 females.
