Assessor Comments	A group of 13 impeccably bred rising 2 year old Females that are very well grown of medium to large frame for age. Bred from within the commercial program of the Granite Ridge Stud and have calved to registered Granite Ridge Sires. These females are strong boned, deep sided, soft with capacity and are visually appealing and would fit well into any discerning cattleman's program. A very sweet unit with the heifers showing great maternal traits with fresh calves 12 to 34 days old at the time of assessment. # 1 Heifer has a white udder and 1 Heifer has a white naval and a white marking on her udder. Note - The Vendor has 3 lots on offer totaling 40 Heifers that will be offered in this sale . They are to be offered to coincide with the day of Vendors 104 Head Bull Sale. ** Heifers will be displayed at the Vendors Stud "Open Day" Tuesday 11th February and "Sale Day" Friday 14th February.
