Assessor Comments	Excellent draft of future breeder White Dorper ewe lambs with none being retained by the vendor. The ewe lambs are sired by Benson White Dorper rams purposely selected for shedding, growth and carcass traits. The ewe lambs are out of white dorper ewes purchased from Benson White dorpers commercial flock and vendor bred ewes. These lambs present in fresh condition, they are thick, deep & soft and will suit a producer looking for a top draft of ewe lambs to join to the ram of your choice in spring. These young females are the ideal article for a producer looking for a start in a white dorper breeding enterprise. Please note the vendor has the wether portion in the same sale. Photos and Video have been taken with the tail still in, 5% tail to be removed at delivery.
