Assessor Comments	On offer are 325 NSM Merino Ewe Hogget's, August/September 2023 drop, average 50kg at assessment. Ewes are Windridge Farms bred from top quality Bundilla Poll Merino genetics with strong emphasis on productive dual purpose maternal traits producing soft white free growing wools. They are long bodied, well barreled sheep, well framed in a forward store condition. These ewes are surplus to requirements from a 12,000 head breeding flock & have been joined to White Suffolk rams in the past but due to the dryer conditions and farm operations they are on offer for your competition as NSM Breeders. Ewes exhibit great frame and growth, being in perfect joining condition. Ewes were shorn in Early December & cut a quality fleece. Flock averages 6.8kg of 18.8 micron soft white wool. Ewes are properly meulsed and are a great line for any breeder. Assessed as 650, selling as 2 lots of 325 run of the gate at delivery. Great opportunity to Purchase some classy breeders with all their lives ahead.
