Assessor Comments	For sale: 300 Merino ewes from the September to August 2022 drop, featuring Woodpark bloodlines, well-known for their quality in the district. These ewes are April shorn, with approximately 80mm+ of stylish, high-quality wool. While the wool has a dusty tip due to dry conditions, it's still a fine fleece, and these ewes would shear up beautifully. Despite the challenging dry conditions, the ewes are in great condition, showcasing their resilience. You can take them home, shear them, and have them ready for joining with the rams of your choice. These ewes are not mulesed and have received full crutching. Classed as breeders, these ewes are well-bred, healthy, and ready to work for you. They're only on the market due to being surplus, presenting a fantastic opportunity to secure quality Merino stock. Don't miss out on these outstanding ewes!
