Assessor Comments	Here presents an opportunity to acquire a reasonable sized line of typical medium to large framed SA Merino ewes purchased ex SA Mallee. The ewes present with plenty of frame and stretch through the back and are in reasonable order considering the poor seasonal conditions currently being experienced throughout the SA Mallee. The ewes are on the do, 100% scanned in lamb with a 5% twin rate to well bred White Suffolk rams. With a good start in the skin these ewes provide the perfect opportunity for a low risk and quick financial return.
