| Assessor Comments | A nice line of flat back steers with great growth for age which have done very well since the vendor has owned them. These steers would be suited as domestic feeders or to grow out to export bullocks. a sample of the biggest ones were mouthed & showed solid milk teeth, I did notice 5 steers with a slight hump & 1 with some brindle. Steers were a pleasure to work. The vendor has another 68 heifers in this sale being the sisters of these steers. |
