Heifers moved through the yards efficiently during the assessment process. Some Heifers were nervous in the race and wanted to push into the crush. 5 Heifers were agitated in the crush while being weighed but calmed when through the draft and back in the mob. Heifers haven't had any education since being weaned and will benefit from additional handling.

Assessor Comments	On offer is a nice line of 22 one-mark Angus heifer weaners. Heifers are 9-11 months old, stand on good frame and present in healthy forward store condition. These Mundarra blood heifers are ideal types with plenty of shape. This lot of 22 head is the second draft of the vendors Autumn calves. Offered in the same sale is the lead draft of 62 head providing the opportunity to put together 84 one-mark Angus heifers. Heifers will grow out to be fantastic breeders of the future.
