Very well handled, sensible young females. All brought up from the backyards by a single lady handler. Led up the race quietly and were very good in the scales. Only 2 listed as slightly stirry as per the Aplus temperament guidelines, just some stomping and rocking. All exited at a walk and were quiet in the holding yard for photos/videos. Broken in and tailed with dogs and horses, instantly mobbing up as soon as pressure is applied.

Assessor Comments	Outstanding line of the Towong Hill Station females. Originally drafted off as the keeper females, firmly classed and selected for feet, temperament & structure. Only offered for sale due to not conceiving in the tight 5 week joining period. Long, deep heifers with beautiful 'true to type' Angus heads The core Towong breeding herd is based on over 50 years of using the renowned Lawson Angus genetics, with the more recent introduction of Ardrossan & Table Top Angus to improve the EBV's chased by market demand. Towong Hill Station are renowned for producing sale topping weaner's that are repeatedly sought after by some of the toughest critics. A lovely line of heifers to put out with the Bulls for an Autumn joining. Otherwise presenting in ideal condition for feeders, being all frame, in just 2 score condition offering some very good, early compensatory weight gain.
