	Steers were a little more anxious after weighing and being drafted off into the to the smaller mob, having only been weaned a week ago, & not yet tailed & educated with the dogs or horses. Despite this, they were all brought from the backyard by a single, lady handler without any hassles, and easily led their way in to the crush. Just getting a bit anxious, the longer they had to stand there.

Assessor Comments	The flashest lot of steers in the yards.. the ones that always have the agents banner above their pen - That's these ones! Offered for the first time on the AuctionsPlus platform are the renowned Towong Hill Station Steer weaners. One of the oldest herds of Angus cattle in Australia, with a genetic makeup boasting over 50 years of using the renowned Lawson Angus genetics, with the more recent introduction of Ardrossan & Table Top Angus to even further push those EBV's chased by market demand. Towong Hill Station are renowned for producing these sale topping steers weaner's, that are repeatedly sought after by some of the toughest bullock fattening critics. An ideal line of steers to suit either a feeder or export operation, and the perfect time to buy - before it rains. Buyers please Note. Steers have had a big lock up prior to weighing, and these 16 Steers were drafted off into the seconds as they were just under the 300kg mark. 97 total in the sale.
