Assessor Comments	An outstanding line of 500 impeccably bred 2nd x shorn store lambs. The genetics of these lambs are unmatched bred out of some of the very best 1st X ewes in the Forbes and Ungarie districts. They are sired by top quality Morocara Poll Dorsets and Roseville Park Charolais rams. Shorn in January; all health treatments are up to date with these lambs which have already been started on grain and are ready to hit their straps. These lambs are in forward/store condition and present as the perfect article to take forward on grain and/or lucerne. These lambs will reach domestic and export weights if given the right nutrition. The Amaroo lambs have a very strong reputation for their carcass traits and attract top prices whether it be over the hooks or in the market. These lambs come with the strongest of recommendation.
