Vendor Comments	Good, healthy lambs. Will perform for eventual purchaser.
Assessor Comments	Buyers, on offer is a neat line of 260 Border Leicester x Merino Wether lambs. These lambs represent the lead draft of the spring drop 1X wether lambs with a 20% tail removed. Lambs are sired by high-indexing Killarney and Normanhurst BL sires whereby selection emphasis is placed on length of body and natural shape, highlighted in this group of lambs. Typically lambs are shorn and taken out to export kill weights however management constraints do not allow for this to happen currently. These lambs present the same opportunity for someone to do the same. Purchase with confidence as all lambs have been weighed individually at assessment above 35kg. Lambs offer a clean bill of health due to vendors meticulous animal husbandry records and having been trained to grain feeders. Please note, percentage of lambs present with dag.
