Assessor Comments	610 lambs all weighed 40-45.5kg to average 42.7kg full. Derrynock Poll Dorset x Primeline Comp ewes lambs. July / Aug drop, Dec shorn and drenched. Currently getting barley in lick feeders and beans on the ground and silage 3 times a week. A lot of money is spent on genetics each year at both Derrynock and Lambpro. Feedback every year is the lambs perform very well on both green feed and grain. Very well bred lambs that will perform given the right feed.
